To Whom It May Concern:

This letter is to highly recommend Greg Broniak for any school fundraising projects. He is an Avon representative and makes the fundraising process truly painless! As the advisor of a large club at Troy High School, I am always concerned about raising funds without a lot of hassle. The Avon fundraiser was easy, convenient and raised over \$900.

Greg was easy to work with and made the process quite simple. He delivered the materials we needed in individual, ready to distribute bags with directions included in each bag. Students gathered orders from the Avon catalog, which had an appeal to many different people. When the orders were turned in, I passed all the materials back to Greg and he took care of the rest. The product came in sorted by student and by individual order so distributing the products was effortless. All changes/corrections to orders were handled in a timely fashion.

It is my pleasure to recommend this fundraiser to groups of all size.

Sincerely,

Diane Loucks  
Teacher and Advisor, THS
